Our Story

POMPANO'S HISTORIC HEIST: THE FIRST BANK AND THE VAULT

Pompano Beach's heartbeat started ticking in the early 1900s near Lettuce Lake. But with the arrival of the FEC railway depot, the action shifted east of Dixie Highway and north of Atlantic Boulevard. This soon-to-be downtown area, known as Old Town today, became the center of the city's early economic boom.

Serving the growing community, businesses sprung up along these streets, including a crucial one – a bank. Today, the building at 61 NE 1st Street holds the distinction of being Pompano Beach's oldest commercial structure. Back in 1922, it proudly housed the First Bank of Pompano.

A NOTORIOUS ENCOUNTER

On September 12th, 1924, the infamous John Ashley and his accomplice, Lynn Middleton, strolled into the bank at 2:30 pm. With a dramatic "hands up!" and armed with pistols and an automatic rifle, they relieved the bank of \$5,000 in cash and \$18,000 in securities. Adding insult to injury, Ashley left a bullet for Sheriff Baker with a taunting message before making a grand escape, reportedly waving a bottle of liquor and shouting their victory, "We got it all."

Despite over a decade of bank robbery, bootlegging, escapes from Raiford, piracy, and suspected murder John Ashley, his girlfriend Laura Upthegrove, and his gang were seen as local folk-heroes by many.

A GRAND OPENING

The Pompano community celebrated the grand opening of the State Bank of Pompano (later renamed First Bank) on September 25, 1922. The day was filled with local fanfare – refreshments from bank directors' wives, speeches by prominent citizens, and even an orchestra serenading guests in the lobby. It was a momentous occasion for the town's financial future.

FROM BANK TO BELOVED LANDMARK

Despite the brazen bank robbery, the First Bank persevered. It even underwent a name change, becoming the Farmer's Bank of Pompano in 1934. However, the Great Depression eventually took its toll, and the bank closed its doors.

Thankfully, in 2006, when demolition loomed, local citizens rallied to preserve this historic landmark along with the neighboring Bailey Hotel. Today, The Vault proudly occupies the space lovingly referred to by locals as "The Old Bank Building," carrying the torch of its rich history. The Bailey Hotel is now The Bailey Contemporary Arts Center.

THE BONES REMAIN, THE STORY LIVES ON

Within the walls of The Vault, you'll not only find delectable dishes and refreshing drinks, but also a rich history. The spirit of this historic building whispers tales of a bustling past.

At The Vault, we celebrate this legacy while creating a new chapter filled with laughter, good food, and unforgettable experiences.
